

# MONITORING WELL SCREEN PIPE

EBW® brand monitoring well screen pipes facilitate groundwater testing by allowing groundwater to pass through horizontal slots in the pipe. The screen pipe features precision cut slot apertures that provide a measured and uniform barrier to ingress with no sharp edges to damage the filter sock or oversized apertures that can allow bulging and perforation of the filter sock.

## **SPECIFICATIONS**

- The screen pipe must be installed with the included bottom cap to prevent any bypass of the well screen pipe apertures and filter wrap.
- The screen pipe is intended to be installed together with a filter wrap.

ORDERING INFORMATION		
Model	Description	
77320001	2" x 13' monitoring well screen pipe (51 mm x 396 cm)	
77320002	4" x 13' monitoring well screen pipe (102 mm x 396 cm)
