

CXS – 3/4in Automatic Fuel Dispenser Nozzle setting a new Standard for Canada

A premium UL/cUL approved automatic nozzle combining ease of use, precise dispensing, safety and durability for all retail service station fuel dispensers.

<https://youtu.be/5ySBY-nnph0>

Standard features include:

- EZ Lever one-half less force to open nozzle – accessibilities compliant
- Tilt poppet - feather touch dispensing to the penny
- Die cast aluminum with polymer lever guard - durable and lightweight
- Plastic handle guard pre-installed - accommodates full or mate handwarmers
- Low temperature poppet seal rated to -40c

CXS 3/4in NPT Automatic - pressure activated shut off when

- nozzle falls from the tank or raises above the horizontal
- the pump shuts off
- the tank is full
- the lever is opened before the pump is turned on
- the leak detector has not completed its test cycle

Choice of Spout and Seals

- GAS00 = Gasoline Unleaded up to E15
- LDD00 = Light Duty Diesel up to B20

Choice of Activation

- NCP = no Hold Open Clip
- WCP = with Hold Open Clip

▲ warning! Hold Open Clip not permitted in Quebec for self serve

Four models fulfill every need for standard fuels
